**MINUTES
HISTORIC PRESERVATION COMMISSION**

September 8, 2016

I. CALL TO ORDER

The September meeting of the Historic Preservation Commission was called to order on Thursday, September 8, 2016 at 6:30 p.m. by Chairman Barbara Buschman.

II. ROLL CALL

Commissioners Batistich, Buschman, Flynn, Roy, Schwartz and Yates present. Commissioner Cummins absent. Heather Valone, Village Planner and Trustee Liaison Ron Stapleton were also present.

III. APPROVAL OF MINUTES

Motion by Ms. Roy, seconded by Mr. Flynn, to approve the minutes of the August 18, 2016 meeting. Voice vote: 6 ayes. Motion passed.

IV. CHAIRMAN'S REPORT

V. PUBLIC HEARING

VI. APPLICATIONS

B. Certificate of Appropriateness

Awnings – 113 Stephen Street

Ms. Valone presented the application and photograph submitted for installation of two awnings at 113 Stephen. First awning covers front entry which is recessed. "European Restaurant" in white letters on the apron of the black awning. Rear awning covers service door and stoop with "113" in white letters on the black awning.

Motion by Mr. Batistich, seconded by Ms. Roy, to approve a Certificate of Appropriateness for installation of 2 new awnings per the application and photo submitted and dated 8/3/16. Voice vote: 5 ayes. Motion passed.

VII. OLD BUSINESS

At the August meeting, the Commission denied the application from the owner of 302 Main Street (Main Inn) for installation of inappropriate shake siding on the front façade of the building. Mr. Peterson was notified in person of the denial and offered the opportunity to submit an alternate application with a horizontal siding. He has not responded to date. The Commission will send a letter explaining the denial.

VIII. NEW BUSINESS

A. Commissioners reviewed plans for a major renovation of the building at 326 Main, which occupies the corner of the block. Plans call for removal of the existing second floor, replacement, and addition of a third story to the building, limiting the total height to 37'. Materials would be limestone (small) on the first story, with larger square block limestone above. Mr. Batistich and Mr. Flynn commented that the first floor elevation at 9' without cornice band above does not work with the building. They recommended raising the first floor by 1' to give the building better symmetry, and adding the cornice band above. This would still keep the building under the height allowance. They recommended that a future rendering include the Budnik building on the opposite corner for comparison. Four front balconies are included in the plans, which the architects felt could work if second & third story windows were shortened to accommodate the extra foot in height on the first floor.

IX. PLANNING AND ECONOMIC DEVELOPMENT DIRECTOR COMMENTS

A. Update: St. James Academy

Heather Valone announced that the requirement of the Village Board to secure the breach in the roof of the school building with tarp and/or plywood has been accomplished. Mr. Batistich provided information that the contract has been forwarded to the appropriate personnel at the Archdiocese and should be signed by the 26th meeting of the Village Board. A due diligence period will follow before the contract is finalized.

X. AUDIENCE PARTICIPATION

XI. ADJOURN

Motion by Ms. Roy, seconded by Mr. Flynn, to adjourn the meeting at 7:05 p.m.
Voice vote: 6 ayes. Meeting adjourned.

Application for Certificate of Appropriateness

APPLICANT INFORMATION

Applicant's Name Vanessa Juarez

Applicant's Address 570 E North Frontage Rd

Applicant's Telephone # 708-382-2163

Applicant's E-mail Address vjuarez@mywindowworks.com

CHECK ONE OF THE FOLLOWING:

- Applicant is the owner of the subject property and is the signer of this application.
- Applicant is the contract purchaser of the subject property.
- Applicant is acting on behalf of the beneficiary of a trust.
- Applicant is a tenant on the subject property.

PROPERTY INFORMATION

Address of Subject Property/Properties 10 E Illinois St

Parcel Identification Number of Subject Property/Properties

PROJECT INFORMATION

Proposed Construction, Renovation, Demolition (check all that apply):

- | | |
|---|---|
| Change in height of structure _____ | Change in fenestration (window arrangement) _____ |
| Change in footprint of structure _____ | Replacement of windows, awnings <input checked="" type="checkbox"/> |
| Addition to structure _____ | Replacement of exterior details _____ |
| Change in exterior materials on a structure _____ | Installation or alteration of a fence _____ |
| Change in roofing materials _____ | Construction of new structure _____ |
| Additon of or change to a sign _____ | Demolition of s structure _____ |

Brief Statement of Proposed Work:

Window works will be replacing: (2) double hung windows and (3) casement windows. No size changes.

SUPPORTING DOCUMENTS

Attach architectural elevations, sketches, drawings, plans, site plans, etc. as appropriate. **SUBMIT 10 COPIES OF ALL DOCUMENTS.** The submission of material samples is encouraged, and in some cases the Historic Preservation Commission may deny or postpone approval of the application without material samples. The applicant may submit material samples at the time of application or may present them to the Historic Preservation Commission at the Commission's public meeting.

FOR VILLAGE STAFF USE ONLY

Application received on: _____

By _____

Project information (drawings, elevations, etc) received: _____

AFFIRMATION

I hereby affirm that I have full legal capacity to authorize the filing of this application and that all information, exhibits, and documents herewith submitted are true and correct to the best of my knowledge. I permit Village representatives to make all reasonable inspections and investigations of the subject property during the period of processing of this application. I understand that the submitted fee is non-refundable, and that prior to approval of grant reimbursement I will be expected to enter into an agreement with the Village of Lemont.

Installation is scheduled to begin and be completed 4 to 8 weeks from date of Agreement. Some products will increase this time frame. Custom coated exterior colors will be 6-10 weeks, and custom sized doors will be 6-12 weeks. Custom glass on doors will take 8-16 weeks. As a company, it is our goal to deliver the highest quality materials in the quickest timeframe. Outside installation factors such as association approval or permits may extend the time frame to start. The completion time may be extended by the amount of time needed for any association approval.

Buyer(s) hereby acknowledge receipt of the copy of the pamphlet, "Protect Your Family From IN Your Home", informing Buyer(s) of the potential risk of lead hazard exposure from renovation activity to be performed in Buyer(s) home, at the address provided above. Buyer(s) received this pamphlet on the date of this contract before the work began.

It is agreed and understood by and between the parties that this Agreement, front and back and any specification sheets and addendum, constitute the entire understanding between the parties, and there are no verbal understandings changing or modifying any of the terms of this Agreement. Buyer(s) hereby acknowledge that Buyer(s) has read the front and reverse of this Agreement and has received a completed, signed and dated copy of this Agreement, including the two accompanying Notice of Cancellation forms, on the date first written above. Buyer(s) also (i) acknowledge that they were orally informed of their right to cancel this transaction; and (ii) request that they be contacted via their telephone numbers or e-mail, as listed above, in the event Window Works believes Buyer(s) would be interested in any additional quality products or services of Window Works.

The homeowners said they have no siding at their home, as far as capping material goes it's wood capping for their current windows.

Subject: RE: Certificate of Appropriates for 10 E Illinois St

Vanessa,

The proposed capping material is aluminum, what is the existing capping material? I want to confirm based supplied information that these are vinyl windows correct? In addition, because I know the Historic Perseveration Commission will ask based on the proposed capping material, what is the type of siding that is on the home?

Sincerely,

Heather Valone
