

# ENHANCING YOUR COMMUNITIES RECYCLING SERVICES

WM At Your Door Special Collection® service provides an easy to use solution for the collection of a wide variety of items that almost every household accumulates.

## EASY AS 1, 2, 3...

We make it easy and convenient for your residents to use this service. A home based program is offered so residents simply contact the At Your Door<sup>SM</sup> program for service at any time year round.

## EXPERIENCE WHERE IT COUNTS

Our team has refined the challenging process of residential collection of home generated special materials. These materials require special training and handling to ensure proper transportation and disposal methods. Let us provide you piece of mind that the collected materials will be handled safely and correctly.

## CONSISTENT COMPLIANCE

Our team has extensive experience working with municipalities and regulatory organizations implementing home generated special materials programs that comply with federal, state and local regulations. Items collected will be sent for recycling, treatment or disposal through approved sources.

Communities with At Your Door Special Collection can take advantage of WM's capability to collect and recycle an overlooked category of materials.

Most of the materials collected are sent to be recycled, producing an enhancement to your diversion efforts.
